Are these minutes OK?	
Yes	
First thing we are going to talk about:	
Which ideas we would like to action.	<p><b><u>Action Plan Ideas</u></b>            Rota for litter picking.            Join British Spring Clean            Rota for bird feeding.            Litter signs.            Community Planting Day            Planet Protector's assembly</p>
Second thing we are going to talk about:	<p><b><u>Working parties.</u></b>            It was decided that we will split into working parties in order to achieve more during our meetings. Each working party will be responsible for an action point.</p>
Third thing we are going to talk about:	<p><b><u>Litter Bins for the playground</u></b>            We looked at a web site for school child friendly bins - these are expensive - approx. £220. However, it was agreed that these would be best for our playground.            Ideas how we could afford these - possible sponsored litter pick to be investigated.</p>
Fourth thing we are going to talk about:	<p><b><u>Plastic Clever Schools.</u></b>            We will be investigating ideas from this site that we can action in school.</p>
Would anybody like to mention anything else?
